

VOLUME 15.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, JULY 13, 1923.

NUMBER 54.

ENGINEER NABERS HEARS PRAISE FOR WILBARGER ROADS

Returns from Inspection
of Famous Bates, Ill.
Test and Engineers Say
Roads Here Best

The opinion of engineers who have seen road work all over the United States is that Wilbarger County's concrete road is as good as can be found, according to opinions expressed to County Engineer J. R. Nabers, who has just returned from various points in the United States where he has been inspecting roadwork. Wilbarger county now has a total of a fraction more than seven miles of concrete road, which is divided into the four directions from Vernon. Grading already has been done for 3.4 miles more West of Pease after the contract approved so that work will start next spring. The same condition exists on the Oklahoma road where 2.25 miles of concrete road will be added to that already built.

Mr. Bates, while on his trip, went to Springfield, Ill., to study the Bates road tests being made at Bates, Ill. A Chicago engineer was among those who inspected the roads here and said they are as good as can be built.

The Bates experimental road was built of 63 different sections of various types of paving, (the total length of the road being 10,500 feet). Twenty-two sections were of brick of various sizes and on various types of base. Seventeen sections were of asphalt, of different designs, as to type of base and top. Twenty-four sections of Portland cement concrete were built, of varying thickness and designs.

The road was closed to the public travel and a fleet of heavy army trucks run up and down the road, day and night, until most of the sections were destroyed. Accurate count was kept of the tonnage passing over the road. Mr. Nabers said while he was there, they were running trucks with a total gross load of 15 1-2 tons on the sections of concrete road. Of the 22 brick, 17 asphalt and 24 concrete sections, one brick, 3 asphalt and 10 sections of concrete satisfactorily withstood the entire traffic of 377,460 tons imposed upon them.

The State of Illinois has turned almost entirely to the use of concrete for the solution of its road building problems. Illinois has 1650 miles of concrete already built and 900 miles under construction. They have 10 miles of brick road under construction. One county in the state is building 10 miles of rock asphalt. This 10 miles is not under supervision by the state highway department.

Mr. Nabers says he saw some excellent concrete roads around St. Louis and Springfield.

J. M. Isbell, County Engineer, of Wichita county and Chas. Treadway county engineer of Kaufman county accompanied Mr. Nabers on his inspection trip. An engineer from the Argentine Republic in South America visited the Bates test road while the Texas engineers were there.

District League to Hold Institute Here July 28, 29 and 30

The Vernon District League Institute will meet in the First Methodist Church in this city July 28 and 30 inclusive. The program is now being mapped out and approximately 75 delegates from various towns in this district are expected to attend the institute.

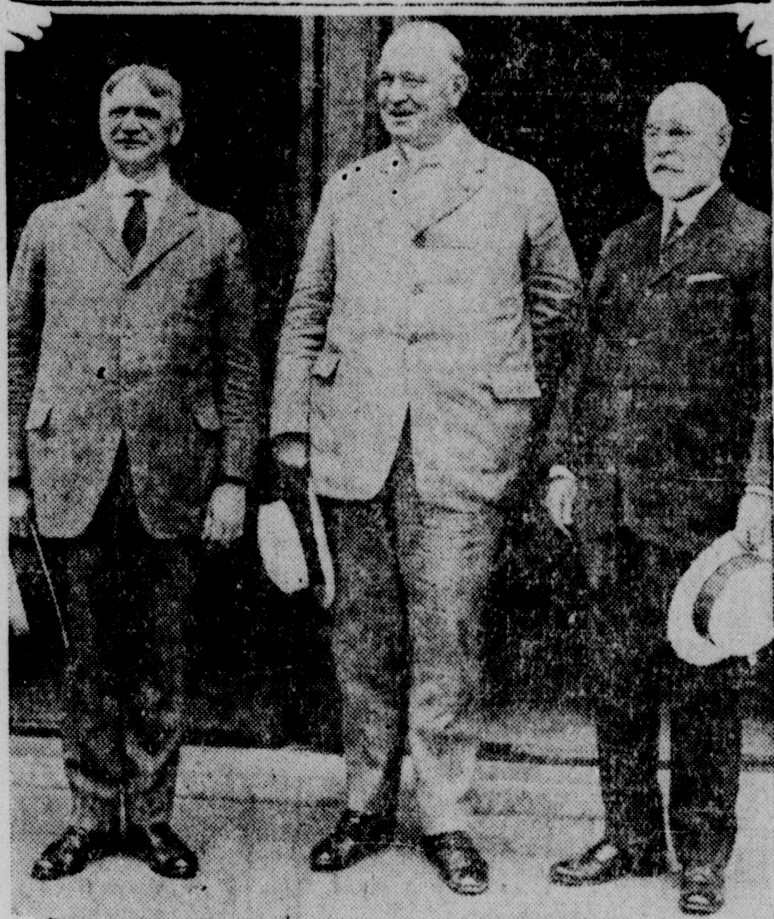

Rev. W. P. Garvin, presiding elder for this district, will preside at the meeting. Miss Ruth Carey, of Vernon, is the district secretary.

CHILDREN'S AID HOME SEEKS HOMES FOR YOUNGSTERS

Miss Floy Hawkins, representative of the West Texas Children's Aid and Welfare Association, of Abilene, was in Vernon yesterday trying to place children in homes and to solicit funds for the association. She left this morning for Chillicothe on the same mission.

Miss Hawkins announces that any one desiring to adopt children may communicate with Rev. W. A. Nichols, superintendent of the home, at Abilene.

THREE BIG GUNS OF U. S. NAVY.

Adm. R. E. Coontz, Secy. Denby + Adm. E. W. Eberle

Here are the three leaders of the United States Navy. Left to right, they are: Admiral R. E. Coontz, retiring Chief of Naval Operations, who will assume command of the combined battle fleet; Secretary of the Navy, Edwin Denby, and Rear Admiral E. W. Eberle, who commanded the battle fleet in the Pacific, but who now becomes Chief of Naval Operations, succeeding Admiral Coontz.

LAD INJURED BY RUNNING INTO CAR

CHARLES ROWAN, 9, SUSTAINS
PAINFUL INJURY IN ACCI-
DENT ON MAIN STREET

Charles Alton Rowan, 9, son of L. B. Rowan was painfully injured during the rain Thursday afternoon when he ran into an automobile driven by Miss Selma Baird and which was occupied by several parties. The accident happened on Main street in front of Parker-Donges store and the child sustained a fracture of the skull.

Miss Baird, according to witnesses, was driving slowly and saw the child as he ran out from the pavement directly in the path of the automobile but looking the other way. She swerved and missed him but he kept coming and ran into the rear end of the car, striking his head against the hinge on the rear door.

E. A. Vernon, who was in the car, carried the child to the office of Dr. J. E. Dodson. His skull was found to be fractured, a piece of bone about the size of a five cent piece being removed. He was reported this morning to be resting well.

Christian Church Having Successful Summer Campaign

Evangelistic services in the Central Christian Church air dome, adjoining the church building, are progressing nicely with good attendance at both morning and evening services. Rev. Lewis Kopp, the pastor, is doing the preaching and Harrel C. Baird is directing the choir which is said to be one of the best which has ever been organized for evangelistic services in Vernon.

There is a special service for children at 8:30 o'clock every morning and for the seniors at 9:30 each morning. The morning services last for 45 minutes. Evening services begin at 8:30 o'clock.

Ohio Visitors Here

Mr. and Mrs. Joe T. Doan, of Wilmington, Ohio, arrived Wednesday noon for a visit with their relatives, C. F. Doan, Mrs. Bertha Ross and Mrs. C. W. Igon, of Electra. Mr. Doan visited here 30 years ago and finds nothing looking natural but the court house. They will go from here to Los Angeles, San Diego and San Francisco California. From California they will visit in Portland, Oregon and return home by the way of the Canadian Rockies.

Vernon Rebekahs To Meet.

Members of the Vernon Rebekah lodge will hold their regular meeting at the Odd Fellow hall tonight. Degrees will be conferred.

SHOWERS COME TO HELP LOCAL CROPS

RAINFALL WEDNESDAY AND
THURSDAY DOES CONSIDER-
ABLE GOOD IN SPOTS

Rain fell in several parts of the county Wednesday and Thursday. In several localities the rain was sufficient to be material help to crops.

The rainfall from Iowa Park to Oklahoma Wednesday amounted to almost an inch in some places. Thursday substantial showers fell South of Vernon with other showers Northeast and some Southwest. Farmers say the rain which fell will help cotton and will save a great deal of corn which was suffering from the drought.

In Vernon a hard rain fell for a few minutes. Water went over the top of sidewalks in some places. Lawns and gardens were refreshed and the atmosphere was cooled considerably.

Shows Under Local Legion Auspices to Open Here Monday

Local members of the American Legion are making plans for the H. B. Poole carnival shows which will open here Monday night for a week's play. The carnival will be held on the lot where the chautauqua was held, in the rear of the library building.

The Poole Shows have appeared in this section of the state frequently and in many parts of Oklahoma. The local legion post hopes to realize enough funds from the carnival to equip their quarters as club rooms.

Berry Acquitted in Seymour for Killing Sneed's Son-in-law

The jury in Seymour which was trying C. B. Berry for the murder of Wood Barton, son-in-law of Beal Sneed, brought in a verdict yesterday morning of "Not guilty." The jury was out only 25 minutes when the foreman, W. R. Caldwell, announced that the verdict had been reached. Berry, who also is charged with having shot and wounded Beal Sneed only a few days ago, was charged with having killed Barton at Paducah on November 19, 1922.

Beal Sneed is under indictment for having shot and wounded Berry several weeks ago. His case has not yet been called.

Primitive Baptists Meet

Rev. W. M. Alley, of Hot Springs, Ark., will preach at the West Vernon School House July 17 and 18. Rev. Mr. Alley is a minister of the Primitive Baptist Church.

BOYS ENCAMPMENT CLOSES HERE AFTER SUCCESSFUL MEET

Five Counties Represented
by Scores of Boys
Who Have Made Success of Various Projects

With success crowning every scheduled event, the district encampment of farm club boys came to an end here yesterday afternoon after three days. During the encampment the boys from Knox, Foard, Wichita, Baylor and Wilbarger counties heard lectures on various phases of their work and took part in demonstrations of judging beef cattle, dairy, cattle, hogs and poultry.

Wednesday the boys were guests of the Wilbarger Pure Bred Live Stock Association to see the show at the Vernon Theatre and then went to Sharp and Bourland's farm where they judged hogs and were served a sandwich dinner. The chamber of Commerce gave the boys a barbecue and the Farmer's State Bank sent them out ice cream. Mayor Harry Mason and L. G. Hawkins made short talks to the boys Thursday morning in which they told them of their splendid chance to make scientific farmers and reminded them of the important part the farmer plays in the affairs of the world.

While most of the boys were registered, some came late and did not get their names on the roll the first day. Oklahoma sent over a big delegation on the second day.

The Foard county boys in charge of Agent Fred Rennolds were: S. B. Middleton, Melvin Wood, Bud Dunn, Claude Orr, Earl Orr, Talmage Hukill, Cecil Smith, Ernest McDaniel, Thomas Ellis, Weldon Cogell, J. T. Carter, W. O. McDaniel, Robert Scholozel, Richard Coffman, Luther Jordan, Ernest Wood, Bailey Kennels, Ralph Davis, Ragsdale Davis, Virgil Greer, Ordu Long, Harold Walling, Mike Dunn, Bonnie Benham, Jerry Young, Hoke Bell, J. L. Ashby, Eldridge Bishop, J. P. Walling, Howard Benham, Bonnie Fortner, Ed McDowell, Mabry Kinsey, Marion Crowell, Emmett Young, Godfrey Thompson, Elbert Griffin, Winfred Ribble, Wayland Griffith, Wade Jordan.

The Baylor county boys, in charge of Agent G. C. McGowan were: M. W. Harris, George Macy, Rae Ely Floyd Rodgers, Elmer Chapman, Doyle Fogle, John Elkins, Roy Morris, Gus Parker, Alvord Rogers, Homer Gleghorn, Edgar Brooks, Charles Bursick, Owen McSwain, Ross Cox, Rex Ely, Charles Kattles, Carl Chapman, Herman Balersted, Otis Harris, Chester Cox, Dale Cox, Lester Boyles, Henry Rogers.

The Wichita county boys in charge of Agent Guy R. Jones were: Jack Clark and Ben Haines.

The Knox county boys in charge of agent H. M. Cantrell were: Roy Stalcup, Virgil McEacham, Bill Wilcox, E. Murphy, O. F. Comsar, G. P. Pope, worth, R. W. Gray, Leo Cantrell, Otis Lensey, Herbert Cantrell, Jimmie Jolcott, Harrel Cantrell, Harley Jordan, Wesley Tranham, Armand Smith, Royal Smith, Homer Cowan.

The Wilbarger county boys in charge of Agent P. D. Chaney were: Melburn Smith, Edwin Smith, Buford Huff, Frank Borboeck, Haskell Francis Raymond, Seals, Clyde Brown, Cecil Green, Darwin Hancey, Furman Pridgen, Newman Hughes, Chessler Borboeck, H. B. Hardage, Albert Knauth, Bedford Caldwell, James Cabe, Melvin Tinker, Rollin Cabe, Lem Wall, Ralph Cabe, Compton Rainwater, T. Q. Richard, Hudson Couch, Olen Greathouse, Olin Cole, Darwin Hurt, V. R. Glazener, Albert Simmons, Ike Smith, Almon Whitford, Ewing Caldwell, Wymer Howard, Joe Lovelace, Lee Bucy, Elden Cole, George Douglas, Alex Crawford, Willie Richards, Boydie Butler, Thomas Chapman.

CITY TAX RATE IS UNCHANGED IN VERNON

The city tax rate remains unchanged from last year is the announcement made by the City Commission at a regular meeting held Tuesday afternoon at the City Hall. The rate is \$1.70 on the \$100 valuation. The total tax rate is made up as follows: 30 cents general, 70 cents school, 55 cents interest and sinking fund and 15 cents for street and bridge.

The Farmers State bank was again selected as depository for the city funds, for another year.

WIFE SHOOTS AND KILLS HER RIVAL.

Anna Andrawski

In the presence of her grown son and a crowd of pedestrians, Mrs. Minnie Bernatowicz shot and instantly killed Mrs. Anna Andrawski, in a Chicago street. Mrs. Bernatowicz charged the dead woman with having alienated the affections of her husband.

WATER SUPPLY TO BE AMPLE SATURDAY

NEW MOTOR FOR WATER WORKS
ARRIVES TODAY AND WILL
BE INSTALLED AT ONCE

Vernon's water shortage is due to end not later than tomorrow night. Word has been received that the new motor for the water plant, which will pump 600 gallons per minute, will be here today and every effort will be made, city officials say, to have it installed by Saturday night.

Vernon's water supply is ample, but the equipment for pumping the water from the storage tanks at the city lake has been inactive until the motor is installed. This motor is of a standard make and officials say it should solve the water shortage problem.

The new supply of water from the springs at the City Lake will be put into the mains as soon as the motor is installed. This water has been analyzed as among the purest water to be found in the country, being almost 100 per cent pure.

Prisoners Thankful for Kindness Shown Them Each Sunday

Prisoners in the County Jail and Jailor R. J. Bailey have sent the Record the following expression of appreciation to be published:

"To the party or parties who show their kindness each and every Sunday by sending us cookies, we desire to express our sincere thanks. We appreciate the cookies and we also appreciate the services in the jail each Sunday. We desire to express our thanks for all this kindness."

Quarterly Conference

The Methodist Quarterly Conference will be held on the lawn at the parsonage of the First Methodist Church here tonight at 8:30 o'clock. Rev. W. P. Garvin, presiding elder, will be in charge.

PAPER PRAISES NEW C. OF C. SECRETARY

R. M. FIELDER MADE UNUSUAL
RECORD WITH PANHANDLE
ORGANIZATION

The merger of the Panhandle-Plains chamber of commerce with the West Texas Chamber of Commerce, which merger was effected Tuesday, created widespread interest in Vernon as it did over this entire section of the state. The West Texas Chamber of Commerce now has considerably more than 100 counties in its organization and embraces practically the entire of West Texas.

The merger was effected after R. M. Fielder resigned as secretary-manager of the Panhandle-Plains organization to accept the position of secretary of the Vernon Chamber of Commerce.

Regarding Mr. Fielder's record while secretary of the Panhandle-Plains Chamber of Commerce, the Clarendon News, in its issue of July 5, had the following editorial:

"The resignation of Secretary R. M. Fielder of the Panhandle-Plains Chamber of Commerce on account of his wife's health in the high altitude at Amarillo, is most regrettable. Bob Fielder is a real success as a commercial secretary and Vernon is greatly to be congratulated that it had an altitude and the money to secure his services and residence in their city. Friday of this week Mr. Fielder's successor will be elected by the board of directors of the organization and further and larger plans laid for the year's work. The News hates to see Bob Fielder leave the Panhandle and we only hope we can secure a man his equal as his successor."

DeMolay Dinner

Having completed organization and all officers for the lodge having been named, the Vernon Chapter De Molay will banquet in the Sun Parlor of the Bailey Hotel at 6 o'clock Tuesday evening of next week. The dinner will be served by the Liberty Cafe.

SCHOOL BONDS TO BE VOTED ON IN ELECTION TUESDAY

Friends of Vernon's Pro-
gress Urging All Who
Can to Go to Polls as
Expression of Approval

Next Tuesday morning, July 17, the polls at the City Hall will open at 8 o'clock for voting on the \$110,000 High School bonds. A. M. Hlatt will be the judge in charge of the election and every voter, who has a right to vote in a school bond election is being urged to vote and thereby show his interest in the welfare of the schools of Vernon.

While no opposition to the school bond issue has developed, the fact that Vernon needs a new school building so badly is expected to bring out a heavy vote for the bonds. In this case the bonds already have been sold at a premium pending their passage and an architect has been employed to draw plans for the school building. It is to be modern in every way and will be ample, school authorities say, to fit the needs of the city for several years.

Vernon's bonds are bringing top price on the bond market and for that reason bond buyers from all over the United States were here to buy the school bonds when they were offered for sale, recently, conditioned upon their passage. Supporters of the schools and of the city's progress generally are urging that every person who can vote in the election do so to keep up the record already established in the sale of the bonds as the heavier the vote in favor of bonds makes the sale of the bonds that much better.

Shrine Club Drum Corps Is Organized With Fifteen Drums

The Vernon Shrine Club drum corps has held two practices and is reported to be making rapid progress with 15 drummers already signed up. At the last meeting Robert S. Reed was employed as director.

Drums and uniforms for the drum corps are being furnished by Maskat Temple. The following local Shriners have signed up as members of the corps: Seth Ingram, Guy Puckett, Roy C. Russell, Keith Berry, Dee Norwood, Early Norwood, Cleo Albright, S. W. Bailey, S. E. Porterfield, Frank E. Murchison, Luther Webb, E. M. Hancey, Harry Robinson and John Storey.

More members of the Shrine Club who can qualify as drummers are expected to join soon.

R. M. Fielder Is on Job as Secretary of Chamber of Commerce

R. M. Fielder, newly appointed secretary of the Vernon Chamber of Commerce, accompanied by Mrs. Fielder, has arrived from Amarillo and is in charge of the work of the local organization.

One of the first things which the new secretary has taken up is the organization of trips to the various communities in this trade territory. Members of the Chamber of Commerce and King Tut club will go by automobile to the various towns and meet with the people of those places. They will be accompanied by the Vernon Concert Band and some special suits are to be put on by the King Tut club.

Officers Named for Vernon Chapter of Order of De Molay

The following officers have been elected and appointed for the ensuing three months by the Vernon Chapter, Order of De Molay for boys:

Thornton Ferguson, master counselor; Robert Stokes, Senior Councillor; Frank Sylvester, Junior councillor; Bob Hammock, Senior deacon; Bob Williams, Junior deacon; Chas. Blackwood, Senior steward; Emory Rogers, Junior steward; Robert Wright, chaplain; Jesse Hollar, Almoner; Clarence Justin, marshal; Harold Parsley, treasurer; Guy Norwood, secretary; Hugh Bourland, first preceptor; Roy Allison, second preceptor.

The real reason
for buying Columbias

—they last longer

The largest laboratory, devoted to dry cell research, experiments continuously to make them "last longer." Columbia Hot Shot or Columbia Ignitors are "right" for your needs. That's why people have the habit of asking for Columbias.

Columbia Dry Batteries for all purposes are sold by hardware and general stores, electrical and auto supply shops, garages and implement dealers.

GRAPE JUICE CAN BE MADE AT HOME

HOME DEMONSTRATION AGENT GIVES RECIPES FOR PUTTING UP FRUIT JUICES

Miss Enla Goodfellow, home demonstration agent, has given out for this week, the following recipes for canning various fruits.

Grape Jelly

Cover the bottom of an enameled kettle with water and add grapes which have been washed thoroughly, cover, cook slowly, stirring occasionally. Pour the hot fruit into a double square of cheese cloth, tie the corners together and allow the juice to drain. Do not force the pulp through the bag. Measure the juice, boil 2 or 3 minutes add 3-4 cup of sugar to 1 c. juice and boil until the jelly will drop in flakes from the spoon. Pour into hot jelly glasses and cover with melted paraffin when the jelly is cold and firm.

Apple Jelly

8 medium sized apples 4 cups of water. Boil together for one-half to three-fourths of an hour and strain. Determine amount of sugar to be added by the use of alcohol test, previously given—bring the juice to a boil, add the sugar and cook as rapidly as possible, until the jelly point is reached. Remove from the fire, skim, pour into hot sterilized glasses, and when cold cover with melted paraffin.

Grape Juice

After washing the grapes, crush while heating them. Fruit juice will flow readily when the fruit is heated, but the pulp should not be allowed to boil. When the pulp is thoroughly soft, strain through a double cheese-cloth, or any thin cloth and squeeze as much juice through as possible without squeezing. Heat the juice until it is very hot, but not boiling, skim, strain into sterilized bottles, place the corks in loosely, place the bottles on a rack in a water-bath and process for 15 minutes at a temperature just below boiling. Press the cork in tight, dip the top of the bottle into sealing wax, and store in a dark dry place. The Cold Press method may be used. Direction for this method may be found in Farmers' Bulletins \$59, 644, 1033. Blackberries make good fruit juices also.

Apples Five Ways

Apple Preserve, Apple Jelly, Apple butter, Apple Marmalade, Apple vinegar.

Berries

Canned Berries, Jam, Dried Berries or Jelly, Fruit Juice, Vinegar.

Use standard size containers for each of the five products. The canned fruit should be put into square quart jars. Jam, preserves, butter, and marmalade may be put in pint jars and vinegar and fruit juice in 8 oz. commercial bottles, and jelly in glasses.

WILDCAT

Mr. and Mrs. W. T. Compton, of Taylor, and Grandpa and Grandma Luttrell, of Harrold spent the fourth with their son and brother I. G. Luttrell and family.

Henry Richie and family spent the fourth on Beaver creek with a number of other families.

Mr. and Mrs. Herman Patton and little daughters returned to their home in Dallas after a three week's visit with her mother, Mrs. G. W. Hildebrand.

C. B. Jeffcoats and Mrs. Allie May Clemmons married the fourth at the Christian parsonage in Vernon.

Mr. and Mrs. Leonard Moore of San Angelo visited his parents, Mr. and Mrs. J. Moore last week and Earl Moore went home with them.

W. D. Nunn and family went to Wichita Falls the fourth.

Clyde and Miss Lida Louts, of Wich-

GO NO FARTHER

The Evidence Is at Your Door

Vernon proof is what you want and the statement of this highly respected resident will banish all doubt:

J. J. Manis, owns Auto Ascensory Store, N. Bowle St., Vernon, says:

"My back and kidneys were in bad shape caused from a strain. My back was so bad I could hardly turn in bed. There was a heavy pain across my back and hips. My back was so sore and lame at night I couldn't sleep and mornings when I got up I could hardly straighten. My kidneys were irregular and weak in action. The kidney secretions contained a sediment and were painful in passage. I used different kidney remedies but none of them did me any good. I bought Doan's Kidney Pills at Pendleton & Sons Drug Co. and two boxes of this medicine cured me of every symptom of kidney complaint. The cure Doan's gave me has been permanent."

SENATOR UNDERWOOD TOSSES HIS HAT INTO RING

United States Senator Oscar Underwood of Alabama, is believed to have tossed his hat into the ring as a candidate for the Democratic nomination for the Presidency by his announcement, in Washington, attacking the Harding administration for its alleged "do nothing" policy. Mr. Underwood has just returned from a study of conditions in Europe.

ita Falls spent the week end with Mr. and Mrs. W. D. Nunn.

Mr. Newton and family and Mr. Foster and family, all of Electra, visited their cousins, Everett Scott, and Mrs. Glover on the fourth.

Mrs. Nevin Motes' sister, Mrs. Floyd Lensey, of Dallas, is visiting her.

Mr. and Mrs. H. N. Brooks visited Mr. and Mrs. Wilburn Woods Friday night.

A. Reeves and family, of Lawton, Okla., are visiting his sister, Mrs. W. D. Nunn and family.

W. D. Nunn and Mr. Carpenter shipped a car load of cattle Tuesday to Fort Worth.

Mr. and Mrs. Joel Bolton, of Vagon, were out to see her parents, Mr. and Mrs. W. D. Nunn Monday evening.

Maxine and Mary Ruth Liles, of Vernon are spending the week with their uncle H. N. Brooks and family. Mr. and Mrs. Henry Rich and daughter Helen and son George Henry visited his sister, Mrs. Emit Madden and family of Lockett Sunday.

Will Keys was in Vernon the first of the week.

Mr. and Mrs. W. C. Luttrell and little daughter, Dorothy, of Hillcrest visited Mr. and Mrs. I. G. Luttrell Tuesday evening.

Colored Church Under Erection

We are erecting a New Hope Baptist Church at the corner of Houston and McKinney streets. We endeavor to uphold law and order, public peace and the salvation of lost souls. May we ask the aid of the general public in our undertaking.

Mr. W. T. Rouse and son, W. T. Jr. returned this week to their home in Snyder after a visit with her sons, T. L. and Milford. W. T. is convalescing from an appendicitis operation performed recently at a local sanitarium.

EUGENE WALTER'S DRAMATIC COMEDY

"WHAT FOOLS MEN ARE" TO BE SHOWN AT VERNON THEATRE HERE NEXT WEEK

"What Fools Men Are," a picturization of Eugene Walter's dramatic comedy of a society flapper who wrecks her married sister's home (and incidentally starts her maid off on a "flapping" career), comes to the Vernon Theatre Monday and Tuesday.

This photoplay, directed by George Terwilliger for Pyramid Pictures, Inc., is adapted from a new play, "The Flapper," which is to be produced on the stage simultaneously with its appearance on the screen.

"What Fools Men Are" depicts a novel phase of modern life not merely as it is seen in motion pictures. In real life girls like Peggy Kendricks are frequent enough and, for all the world knows, the havoc she creates in

picture is a sad secret in more than one family.

The story is that of an unconventional society girl who accepts presents from her brother-in-law, and when her sister discovers the fact she sues for and is granted a divorce, summing, of course, that her ex-husband will marry the flapper. But the latter has no idea of falling into plans made for her by another, so she marries a wealthier and freer man. Just to show people that she is not as heartless as they think, she reunites the divorced couple.

The role of the flapper, Peggy Kendricks, is played by Faive Binney. She was chosen from many candidates for the role because she embodies more perfectly than any other actress, the peculiar characteristics of the New York flapper. She is vivacious, charming, mischievous—even devilish. It goes without saying that her dresses are a feature of the picture.

Mrs. Cy Young and daughter, Margaret, who have been the guest the past week of Mrs. Emory Rhoads, returned this morning to her home in Frederick, Okla.

Transportation

THE SECOND FAMILY NECESSITY

After a home, the modern family needs its own transportation unit. Modern life demands an efficient automobile for the time it saves and the health it gives.

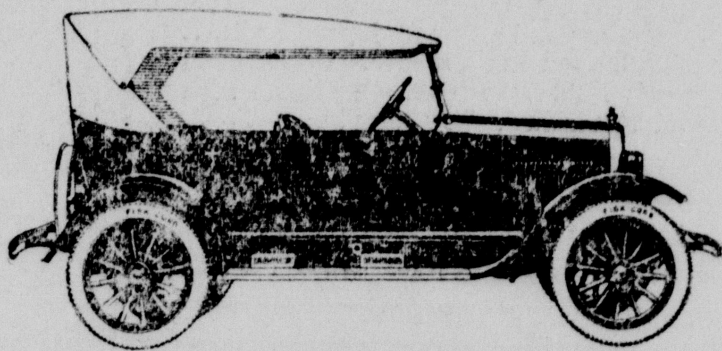

for Economical Transportation.

is the ideal all-year family car, combining the comforts and atmosphere of home with high-grade body construction, mechanical reliability, ease of handling, and low costs. It affords ample room for the whole family. It is easy to drive and easy to care for. It protects from bad weather, yet it can be opened wide for cool comfort in the scorching days of summer.

THE LOSS OF THE HIGHWAY AMENDMENT.

It is regrettable that it is possible for the failure of the Secretary of State to perform a detail duty to deprive the people of the right to vote on a constitutional amendment. This is what happened in the case of the highway amendment to be voted on July 23. Two-thirds of the members of the Legislature voted to submit to the people an amendment which would transfer the control of the state highways to the State Highway Department and insure that Federal aid would continue to be apportioned on Texas highways. Undoubtedly a majority of the people favored the proposed change, but the Secretary of State failed to get the notice to the newspapers in the time required by law and thus defeated the whole project.

In such cases of neglect some penalty ought to be inflicted on the official who fails to carry out his part of public business. Happily, however, there is still time to get an amendment submitted and adopted two years from now when the next regular session of the Legislature meets in ample time to save Federal aid for Texas. November, 1926, is the time limit set for this State to meet the requirements of the Federal Gov-

ernment in order to continue to share in the distribution of Federal aid. Regardless of what one may think of Federal aid as a matter of governmental policy, the fact remains that participation in this fund is the only certain means of getting a system of highways built through sparsely settled sections of Texas and it is desirable that we keep our state well up with the progress of highway development.

The next Legislature can submit an amendment which will no doubt be free of one or two objectionable features contained in the one submitted this year. It was apparently hastily drawn and amendments and changes made its meaning obscure in certain respects. These can be cured when the Legislature meets in January 1925, and it is certain that after our unhappy experience this year the Secretary of State will not be allowed to defeat the amendment by neglecting to perform a detail duty.

TARIFF BUNCOMBE.

What better evidence could the farmer ask that the Republican tariff is pure buncombe than present prices of commodities the farmer buys?

We were assured by the protectionists that a fair deal tariff law was passed, by which it was meant that not only the manufacturer but the farmer as well would receive protection. The surprising thing of this claim is that many intelligent people seemed to think such a tariff law is impossible.

How can a tariff on wheat be worth anything to the farmer when America exports wheat?

How can a tariff on cotton be worth anything to the farmer when America produces seven-eighths of the world's cotton crop?

And so on around the list of the products of the farm. Wasn't it fine of the Republicans to protect the American farmers from the cut-throat competition of French wheat growers and German cotton producers?

Of course, the harvesting machinery makers got some protection in spite of the fact that American-made plows are sold cheaper on the other side of the globe than they are within a hundred miles of the factories in America.

Of course, the poor, struggling makers of American clothing had to have some protection, although Chicago-made suits are

sold cheaper in South America than they are in Joliet.

There is only one way to figure the protective tariff. It means that the farmer sells in an open market, for the simple reason that we export farm products, and buys in a closed market. Present prices of wheat ought to emphasize this fact.

THE BOYS' CLUB MOVEMENT.

Vernon has been entertaining the members of the boys' farm clubs of five counties this week, held under the auspices and direction of the various county agents.

No finer thing could take place in a farming country like ours than these gatherings of the boys who will be our farmers a decade hence. They come together to seriously study the scientific aspects of farming and stock raising. The training they thus receive will prove invaluable to them in later years.

Farming has come to be considered a real business. Conditions have rendered the slipshod methods of former days obsolete and unprofitable. The day has past when we think that anybody can make a success of farming.

The knowledge gained by the boys of this country will increase their usefulness to themselves and to their communities. What a splendid thing it would have been if the farmers of today had had the advantages that the boys of today have.

BROWN NEWS

By special correspondence.

Rev. J. W. Oller, of Mack, and his brother from Clarendon, filled the pulpit Sunday morning.

Rev. J. W. Oller and his brother will begin a meeting on Saturday night before the first Sunday in August, which will continue several days.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

LIBRARIAN GIVES REVIEW OF BOOKS

MISS NEWTON TELLS JUST WHY
CERTAIN SCIENCE BOOKS
ARE VERY READABLE

A number of unusual books on science have been received at the county library and Miss Lillian Newton, librarian, has written the following review of the books: "Radio is by Raymond Francis Yates, former managing editor of Popular Science Monthly. The contents of this book have been made as readable as possible and the subject matter has been carefully chosen so as to include the many problems that confront the beginner in either the construction or operation of a radio, receiver or transmitter.

"Botany by Norman Taylor. This book is for those who want some general knowledge of the plant world with out caring for technical details upon which such knowledge is based. If it leaves the reader with an impulse to follow the subject further than has been possible here, it will have fulfilled its mission.

"Astronomy, by David Todd director of Observatory Amherst College. This book is an attempt to present the wide range of astronomy in readable fashion as if a story with a definite plot, from its origin with shepherds of ancient Chaldea down to present day ascertain of the actual scale of the universe and definite measures of the huge volume of super solar giants among the stars.

"Mechanics by A. Russell Band formerly managing editor of Scientific American. This book gives in a brief way, a birdseye view of the whole story of human progress in things material. The book has not been written for the mechanical engineer, but for the layman who would learn by the mechanical contrivances that contribute to his material welfare.

"Geology by William J. Miller, professor of Geology, Smith college. In the preparation of the book the author has attempted to present in popular form the salient points of a general survey of the whole great science of geology, the science which deals with the history of the earth and its inhabitants as revealed in rocks.

"Meteorology by Charles Fitzhugh Talman, chairman committee of Public Information, American Meteorological Society. This is an excellent book on the science of the atmosphere and its phenomena, including weather.

Mrs. W. M. Beall and daughter, who have been the guest of Mrs. M. C. Culbertson left Tuesday for a visit with relatives in Sweetwater.

The Development of the Lower Rio Grande Valley Greatly Aided By Owners of Vernon Electric & Ice Company

CENTRAL DIESEL-ENGINE PLANT FOR RIO GRANDE DISTRICT

(Copied from Electrical World, July 7, 1923)

Although the Central Power & Light Company of St. Louis entered Texas field only a few years ago, it has quickly, through its subsidiary, the Texas Central Power Company, acquired a number of important electric light and power street railway and ice making utilities, and among the cities in which it operates are Laredo, Corpus Christi and Del Rio. It has devoted itself especially to the development of the fertile Lower Rio Grande Valley and has ice and electric plants at Mission, Mercedes, San Benito, McAllen and other places, as well as at Matamores, Mexico, just across the river from Brownsville. The Central Power & Light Company has now decided to build a large central station at the load center of this group and tie the cities together by 66,000-volt transmission lines, and to carry out this plan it has determined to install Diesel engines instead of steam turbines.

The first section of the plant will consist of two 1125-b. hp. Diesel engines, each directly connected to a 750-kw generator with directly connected exciter. The engines are being furnished by the Busch-Sulzer Bros. Diesel Engine Company, and the electrical equipment by the Westinghouse Electric & Manufacturing Company. As the plant is expanded much larger Diesel units will be installed.

This semi-arid country requires irrigation for about six months during the year. Most of the pumping plants are new steam-operated, at heavy expense. It is expected that electrical energy can be supplied to the irrigation companies at a rate sufficiently low to warrant displacing the steam pumping plants with motor-driven machines.

The diversity of load—ice making, irrigation, cotton ginning and electric lighting—will result in a comparatively high station load factor.

The two Diesel units will be operated by an engineer and an oiler per shift.

The Central Power & Light Company has Prior to this purchase it owned and operated Texas properties for several years, so that it has its own knowledge of Diesel costs. Prior to this purchase it owned and operated twelve Diesel engines, with a total rating of 5,295 hp.

THE CHILDRESS PLANT
Is also a Morrison & Mc Call property..

The Childress plant, a short time ago, contracted with the Ft. Worth & Denver City Railroad Company to furnish all electricity used at the Childress shops.

VERNON has the advantages to justify the building of a COTTON MILL.

THE VERNON ELECTRIC & ICE CO. can be of great assistance in securing a Cotton Mill for Vernon. It has already taken an active interest in pointing out the advantages of Vernon.

Co-operation and the Pull Together Spirit Is Necessary If Vernon Is to Grow and Prosper

CHLOROFORMS WIFE
FOR HEADACHE

My daughter has suffered with stomach trouble and headaches for 3 years. My wife had headaches so bad we had to chloroform her. I also suffered with stomach trouble for years. My wife daughter and I all used Ferrasol with wonderful results. My daughter is feeling better than she has in 3 years; My wife's headaches have left her and there has been a wonderful change in me. Anyone doubting this testimonial write or call me and I will at any time recommend Ferrasol.

THE STATE OF TEXAS

To the Sheriff or any Constable of Wilbarger County, Greeting:

You are hereby commanded to summon J. E. Walker, L. P. Loran, J. E. Edwards and Carry Edwards by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county to appear at the next regular term of the District Court of Wilbarger County, to be holden at the court house thereof in Vernon, Texas, on the third Monday in August, 1923, being the 20th day of said month, then and there to answer a petition filed in said court on the 20th day of June, 1923, in a suit numbered on the docket of said court No. 3315, wherein O. W. Elliott is plaintiff and J. E. Walker, L. P. Loran, J. E. Edwards and Carry Edwards are defendants. Said petition alleging that on the 1st of June, 1923, plaintiff was the owner of lot 42 (6) in block four (4), Scarlock & Loran Addition to the town of Vernon, in Wilbarger County, Texas, and on said date defendants entered upon same and ejected plaintiff therefrom to plaintiff's damage of \$5000.00.

Plaintiff further alleges that he and those whose estate he has, claiming said property under deed duly registered and had peaceful and adverse possession, cultivating and paying taxes upon the same for more than five years and he and those whose estate he has, claiming to have good and perfect right and title to said premises, he held the same peaceably and adversely adverse possession thereof for more than ten years next preceding the 1st of June, 1923, claiming said land under the statute of limitation and praying for writ of restitution and that all title be divested out of defendants and vested in plaintiff, for cost of suit and general relief.

Hearing full note, but have you before said court on the said first day of the next term thereof this writ with your return showing how you have executed the same. Witness My hand and seal of said District Court of Wilbarger County, Texas. Given under my hand and seal of said court, at office, in the City of Vernon, this 20th day of June, 1923.

(SEAL) MRS. J. A. WALKER,
Clerk District Court, Wilbarger County, Texas. 45-4c Fri

WILBARGER WHEAT CROP HARVESTED

SOME FARMERS MADE GOOD YIELD BUT OTHERS HAD AL- MOST COMPLETE FAILURES

With practically all the wheat crop in Wilbarger county already gathered, some of the larger wheat farmers are making plans for the next year's crop while others are waiting until later in the year to begin their plans. The wheat crop in the county this year was very small in many fields, but some farmers made good average crops. The number of bushels raised in the county can not be ascertained for several weeks.

The wheat improvement association in commenting on plans for the crop next year, has issued the following bulletin:

"Aggressive farmers, those planning for a maximum wheat crop next year, are now turning their attention to the all important question of early preparation of their fields. Officials of the Southwestern Wheat Improvement Association, which organization gives its entire efforts to aid in producing a better quality of wheat, have declared that early and proper preparation for the next crop is the greatest single factor contributing to a successful and profitable yield. Experiment stations and actual practice have clearly proven that land prepared in July for wheat will produce from two to seven bushels more per acre than that on which the work is delayed until September.

"This is due largely to the fact that early plowing destroys weeds which if allowed to propagate consume the available plant food and moisture. In addition such plowing affords time for the land to settle. It is pointed out that wheat demands a firm seedbed, and for that reason it is always wise and profitable to use some sort of a packer immediately after the plow. A disk harrow, with the blades set straight, has proven effective in lieu of a regular packer. Loose soil, especially that which is the result of late preparation, can be depended on invariably to produce a poor wheat crop.

"Successful wheat growers find that if time does not permit of early plowing or listing that disking immediately after the binder or header destroys the weeds, saves moisture and renders the soil easy to plow at a convenient time later. July disking, followed by late August or early September plowing or listing, can be followed out with successful results.

"Early listing for wheat is especially desirable in sections where the rain fall is limited, and frequently produces better yields than other methods. With listing a substantial amount of moisture is saved because the ground can be covered rapidly. Experience has shown that best results are obtained by relisting and leveling early so sufficient time will be allowed for the soil to settle before sowing.

"In the final analysis, the statement is emphasized that if the ground has been well prepared for the preceding crop, as by early plowing or fallowing, the soil should be in sufficiently good condition to 'stubble-in' another wheat crop with no additional work."

D. ESTES

R. D. ELLIOTT'S LIFE SAVED

I feel that your preparations, particularly Ferrasol, saved my life. I was advised by some of the best doctors in Dallas to have an operation for gall stones. I started taking Ferrasol and in one week time I could eat again. It cured me and I believe Ferrasol will cure any case of stomach or bladder trouble if taken properly.

Very truly yours, R. D. Elliott, 112 N. Crawford St., Dallas, Texas.

played. The club prize for high score was won by Mrs. J. V. Townsend and she was presented with hand embroidered pillow slips. Mrs. Joe Parker won guest prize and was awarded embroidered guest towels. The honoree was given a vanity case.

A salad and ice course were served to Mesdames Daniel Bond, J. V. Townsend, Luther Webb, Tom Lisman, R. L. Moore, Herbert Farrell, Myra Napier, W. B. Roberts, T. E. Standifer, S. W. Bailey, W. P. Leslie, E. P. Hicks, A. C. Roger, J. S. Cook, C. S. McColloch, Harry Colley, R. B. Gibson, R. E. Martin, W. R. Moore, M. J. Moore, M. C. Culbertson, Harry Mason, E. L. Keitz, T. A. King, Henry Rogers, A. M. Boardland, Marvin Sharp, R. W. Ferrell, Clara White, Cy Long, Frank Marchison, Jas. V. Leak, Chauncey Greene, Josephine Collins, of Austin, R. T. Evans, of Dallas, Roy Meredith, of Denver, Colorado, Misses Johnnie Mallow, Regina Greene, Floy Tacker and the honoree, Mrs. Cy Young.

Hostess to W. C. T. U.

Mrs. Rena Watts, president of the local Union of the Woman's Christian Temperance Union was hostess at the regular club meeting last Thursday afternoon at her home on West Paradise street. Owing to the fact that so many members of the local were out of town the attendance was small. Several important phases of the work were discussed. Plans are being made for the entertainment of the district convention which meets in Vernon this year. The date has not been announced. The Union will not meet again until the second Thursday in August.

Mrs. Greene Entertains

Mrs. H. K. Greever was hostess to the Tuesday Forty-Two club, Tuesday afternoon at her home on South Mesquite street.

Six tables were played. The hostess served a cooling ice course to the guests and while they played refreshing soda was passed.

The following club members and other guests of Mrs. Greever were present: Mesdames John Doan, J. A. Dixon, T. M. Ferguson, John Reese, R. B. Sherrill, A. M. Hiatt, J. D. Sumner, O. A. Swinburn, M. G. Neathery, J. A. Lucky, R. E. Townsend, J. H. E. Young, H. A. Thompson, William Crutchfield, W. E. Mayes of Oklahoma City, Cora Gilman, S. P. Ingram, R. D. Shive, E. F. Piper, Homer Rogers, S. W. Bailey, W. P. Leslie, J. D. R. Cooper, Brooks Greene and Miss Enid McCarroll.

Keltz Buys Lincoln

Napier Bros. Motor Co., report the delivery of a Lincoln sedan to E. L. Keltz. This is the third Lincoln car delivery made by Napier Bros this year.

METHODISTS WILL HOLD COLLEGE DAY

SPECIAL SERVICES SUNDAY FOR THOSE WHO HAVE BEEN OR ARE GOING TO COLLEGE

The first Methodist Church will observe next Sunday as College Day. Special emphasis will be given to the importance of continuing education. Students who need the support of enthusiasm that will encourage them to go on and finish, even through College or University, will be given encouragement.

Dr. R. E. Dickenson, the pastor, will speak at 11 o'clock on the theme "School Life in Memory and in Anticipation."

Sunday evening will be featured as College Night. Representatives of High Schools, Colleges, Normals, and Universities are requested to meet in the basement of the church at 8 p. m. They will form a procession and march into the auditorium, each group carrying a pennant or the school colors.

Miss Vera Harrington will preside at the organ. Judge W. D. Berry of the University of Mississippi will lead the line of March. Mrs. L. G. Hawkins will lead the group representing Ward Belmont of Nashville, Tenn. T. J. McGill will head the S. M. U. delegation. Mrs. S. E. Porterfield will lead the T. W. C. girls. Dr. T. A. King, Dr. M. J. Moore, Dr. R. E. Dickenson and others will represent Vanderbilt University. Prof. E. L. Dohoney will lead the High School students.

Miss Thelma Sherrill will direct the college songs and Mrs. C. J. Farrell, is chairman. All who may be able to attend are requested to communicate with Mrs. Farrell, phone 117.

Miss Maurine Davis will have charge of the decorations. All who can furnish pennants for decorating are requested to communicate with Miss Davis, phone 106.

STUDEBAKER BIG-SIX FIVE-PASSENGER COUPE \$2550

The Big-Six Coupe Offers a Rare Combination of Elegance and Utility

Into the Studebaker Big-Six five-passenger Coupe have gone, without compromise, the finest design, materials, workmanship and the best of Studebaker's 71 years' experience.

Nothing has been left undone to make this big, roomy coupe as fine an enclosed car as can be built.

Certainly no car performs more brilliantly or is more reliable. None possesses greater beauty or is more luxuriously comfortable. None is more enjoyable to drive—and no other make of car is more completely equipped.

You will appreciate the generous roominess of this Big-Six Coupe, its sterling quality of body and chassis and its wealth of refinements—including the large trunk; extra disc wheel complete with tire, tube and tire cover; handsome nickel-plated bumpers front and rear; courtesy light; motometer; flower vase; clock; aluminum-bound running boards with corrugated rubber mats and step pads; rear-view mirror, automatic windshield cleaner, glare-proof visor, and many others.

Its low price is due to large volume and to the fact that Studebaker overhead is shared by three models—all sixes. Then, too, only one manufacturing profit is included in the Big-Six price because all vital parts are manufactured in Studebaker plants.

Studebaker has been building quality vehicles for more than two generations.

Power in surplus measure to satisfy the most exacting owner

ENGINEER NABERS HEARS PRAISE FOR WILBARGER ROADS

Returns from Inspection
of Famous Bates, Ill.
Test and Engineers Say
Roads Here Best

The opinion of engineers who have seen road work all over the United States is that Wilbarger County's concrete road is as good as can be found, according to opinions expressed to County Engineer J. B. Nabers, who has just returned from various points in the United States where he has been inspecting roadwork. Wilbarger county now has a total of a fraction more than seven miles of concrete road, which is divided into the four directions from Vernon. Grading already has been done for 3.4 miles more West of Pease river and the contract approved so that work will start next spring. The same condition exists on the Oklahoma road where 2.25 miles of concrete road will be added to that already built.

Mr. Bates, while on his trip, went to Springfield, Ill., to study the Bates road tests being made at Bates, Ill. A Chicago engineer was among those who inspected the roads here and said they are as good as can be built.

The Bates experimental road was built of 63 different sections of various types of paving, (the total length of the road being 10,800 feet). Twenty-two sections were of brick of various sizes and on various types of base. Seventeen sections were of asphalt, of different designs, as to type of base and top. Twenty-four sections of Portland cement concrete were built, (of varying thickness and designs).

The road was closed to the public travel and a fleet of heavy army trucks run up and down the road, day and night, until most of the sections were destroyed. Accurate count was kept of the tonnage passing over the road. Mr. Nabers said while he was there, they were running trucks with a total gross load of 15 1-2 tons on the sections of concrete road. Of the 22 brick, 17 asphalt and 24 concrete sections, one brick, 3 asphalt and 10 sections of concrete satisfactorily withstood the entire traffic of 377,490 tons imposed upon them.

The State of Illinois has turned almost entirely to the use of concrete for the solution of its road building problems. Illinois has 1650 miles of concrete already built and 900 miles under construction. They have 10 miles of brick road under construction. One county in the state is building 10 miles of rock asphalt. This 10 miles is not under supervision by the state highway department.

Mr. Nabers says he saw some excellent concrete roads around St. Louis and Springfield.

J. M. Isbell, County Engineer, of Wichita county and Chas. Treadway county engineer of Kaufman county accompanied Mr. Nabers on the inspection trip. An engineer from the Argentine Republic in South America visited the Bates test road while the Texas engineers were there.

District League to Hold Institute Here July 28, 29 and 30

The Vernon District League Institute will meet in the First Methodist Church in this city July 28 and 30 inclusive. The program is now being mapped out and approximately 75 delegates from various towns in this district are expected to attend the institute.

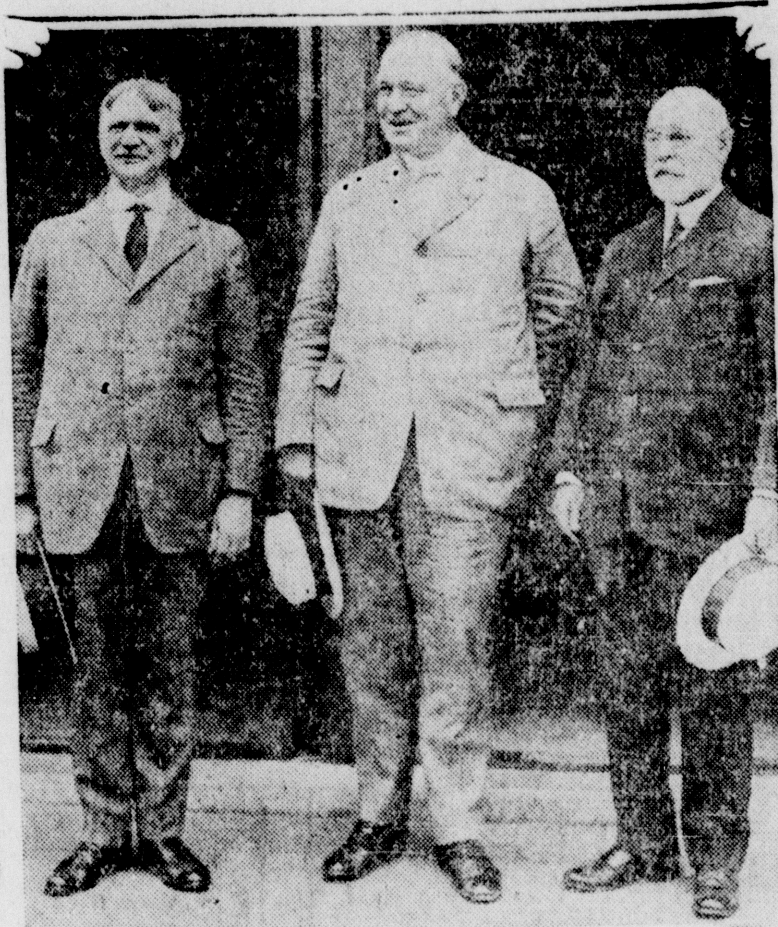

Rev. W. P. Garvin, presiding elder for this district, will preside at the meeting. Miss Ruth Carney, of Vernon, is the district secretary.

CHILDREN'S AID HOME SEEKS HOMES FOR YOUNGSTERS

Miss Floy Hawkins, representative of the West Texas Children's Aid and Welfare Association, of Abilene, was in Vernon yesterday trying to place children in homes and to solicit funds for the association. She left this morning for Chillicothe on the same mission.

Miss Hawkins announces that any one desiring to adopt children may communicate with Rev. W. A. Nichols, superintendent of the home, at Abilene.

THREE BIG GUNS OF U. S. NAVY.

Adm. R. E. Coontz, Secy Denby + Adm. E. W. Eberle

Here are the three leaders of the United States Navy. Left to right, they are: Admiral R. E. Coontz, retiring Chief of Naval Operations, who will assume command of the combined battle fleet; Secretary of the Navy Edwin Denby, and Rear Admiral E. W. Eberle, who commanded the battle fleet in the Pacific, but who now becomes Chief of Naval Operations, succeeding Admiral Coontz.

LAD INJURED BY RUNNING INTO CAR

CHARLES ROWAN, 9, SUSTAINS
PAINFUL INJURY IN ACCI-
DENT ON MAIN STREET

Charles Alton Rowan, 9, son of L. B. Rowan was painfully injured during the rain Thursday afternoon when he ran into an automobile driven by Miss Selma Baird and which was occupied by several parties. The accident happened on Main street in front of Parker-Donges store and the child sustained a fracture of the skull.

Miss Baird, according to witnesses, was driving slowly and saw the child as he ran out from the pavement directly in the path of the automobile but looking the other way. She swerved and missed him but he kept coming and ran into the rear end of the car, striking his head against the hinge on the rear door.

E. A. Vernon, who was in the car, carried the child to the office of Dr. J. E. Dodson. His skull was found to be fractured, a piece of bone about the size of a five cent piece being removed. He was reported this morning to be resting well.

Christian Church Having Successful Summer Campaign

Evangelistic services in the Central Christian Church air dome, adjoining the church building, are progressing nicely with good attendance at both morning and evening services. Rev. Lewis Kopp, the pastor, is doing the preaching and Harrel C. Baird is directing the choir which is said to be one of the best which has ever been organized for evangelistic services in Vernon.

There is a special service for children at 8:30 o'clock every morning and for the seniors at 9:30 each morning. The morning services last for 45 minutes. Evening services begin at 8:30 o'clock.

Ohio Visitors Here

Mr. and Mrs. Joe T. Doan, of Wilmington, Ohio, arrived Wednesday noon for a visit with their relatives, C. F. Doan, Mrs. Bertha Ross and Mrs. C. W. Igou, of Electra. Mr. Doan visited here 30 years ago and finds nothing looking natural but the court house. They will go from here to Los Angeles, San Diego and San Francisco California. From California they will visit in Portland, Oregon and return home by the way of the Canadian Rockies.

Vernon Rebekahs To Meet.

Members of the Vernon Rebekah lodge will hold their regular meeting at the Odd Fellow hall tonight. Delegates will be conferred.

SHOWERS COME TO HELP LOCAL CROPS

RAINFALL WEDNESDAY AND
THURSDAY DOES CONSIDER-
ABLE GOOD IN SPOTS

Rain fell in several parts of the county Wednesday and Thursday. In several localities the rain was sufficient to be material help to crops.

The rainfall from Iowa Park to Oklahoma Wednesday amounted to at most an inch in some places. Thursday substantial showers fell South of Vernon with other showers Northeast and some Southwest. Farmers say the rain which fell will help cotton and will save a great deal of corn which was suffering from the drought.

In Vernon a hard rain fell for a few minutes. Water went over the top of sidewalks in some places. Lawns and gardens were refreshed and the atmosphere was cooled considerably.

Shows Under Local Legion Auspices to Open Here Monday

Local members of the American Legion are making plans for the H. B. Poole carnival shows which will open here Monday night for a weeks play. The carnival will be held on the lot where the chautauqua was held, in the rear of the library building.

The Poole Shows have appeared in this section of the state frequently and in many parts of Oklahoma. The local legion post hopes to realize enough funds from the carnival to equip their quarters as club rooms.

Berry Acquitted in Seymour for Killing Sneed's Son-in-law

The jury in Seymour which was trying C. B. Berry for the murder of Wood Barton, son-in-law of Beal Sneed, brought in a verdict yesterday morning of "Not guilty." The jury was out only 25 minutes when the foreman, W. R. Caldwell, announced that the verdict had been reached. Berry, who also is charged with having shot and wounded Beal Sneed only a few days ago, was charged with having killed Barton at Paducah on November 19, 1922.

Beal Sneed is under indictment for having shot and wounded Berry several weeks ago. His case has not yet been called.

Primitive Baptists Meet

Rev. W. M. Alley, of Hot Springs, Ark., will preach at the West Vernon School House July 17 and 18. Rev. Mr. Alley is a minister of the Primitive Baptist Church.

BOYS ENCAMPMENT CLOSES HERE AFTER SUCCESSFUL MEET

Five Counties Represented
by Scores of Boys
Who Have Made Success
of Various Projects

With success crowning every scheduled event, the district encampment of farm club boys came to an end here yesterday afternoon after three days. During the encampment the boys from Knox, Foard, Wichita, Baylor and Wilbarger counties heard lectures on various phases of their work and took part in demonstrations of judging beef cattle, dairy cattle, hogs and poultry.

Wednesday the boys were guests of the Wilbarger Pure Bred Live Stock Association to see the show at the Vernon Theatre and then went to Sharp and Bourland's farm where they judged hogs and were served a sandwich dinner. The chamber of Commerce gave the boys a barbecue and the Farmer's State Bank sent them out ice cream. Mayor Harry Mason and L. G. Hawkins made short talks to the boys Thursday morning in which they told them of their splendid chance to make scientific farmers and reminded them of the important part the farmer plays in the affairs of the world.

While most of the boys were registered, some came late and did not get their names on the roll the first day. Oklahoma sent over a big delegation on the second day.

The Foard county boys in charge of Agent Fred Rennels were: S. B. Middleton, Melvin Wood, Bud Dunn, Claude Orr, Earl Orr, Talmage Hukill, Cecil Smith, Ernest McDaniel, Thomas Ellis, Weldon Cogell, J. T. Carter, W. O. McDaniel, Robert Schollogel, Richard Coffman, Luther Jordan, Ernest Wood, Bailey Kennells, Ralph Davis, Ragsdale Davis, Virgil Greer, Orin Long, Harold Walling, Mike Dunn, Bennie Benham, Jerry Young, Hoke Bell, J. L. Ashby, Eldridge Bishop, J. P. CITY TAX RATE IS UNCHANGED IN VERNON

The city tax rate remains unchanged from last year is the announcement made by the City Commission at a regular meeting held Tuesday afternoon at the City Hall. The rate is \$1.70 on the \$100 valuation. The total tax rate is made up as follows: 30 cents general, 70 cents school, 55 cents interest and sinking fund and 15 cents for street and bridge.

The Farmers State bank was again selected as depository for the city funds, for another year.

WIFE SHOTS AND KILLS HER RIVAL.

In the presence of her grown son and a crowd of pedestrians, Mrs. Minnie Bernatowicz shot and instantly killed Mrs. Anna Andrawski, in a Chicago street. Mrs. Bernatowicz charged the dead woman with having alienated the affections of her husband.

WATER SUPPLY TO BE AMPLE SATURDAY

NEW MOTOR FOR WATER WORKS
ARRIVES TODAY AND WILL
BE INSTALLED AT ONCE

Vernon's water shortage is due to end not later than tomorrow night. Word has been received that the new motor for the water plant, which will pump 600 gallons per minute, will be here today and every effort will be made, city officials say, to have it installed by Saturday night.

Vernon's water supply is ample, but the equipment for pumping the water from the storage tanks at the city lake has been inactive until the motor is installed. This motor is of a standard make and officials say it should solve the water shortage problem.

The new supply of water from the springs at the City Lake will be put into the mains as soon as the motor is installed. This water has been analyzed as among the purest water to be found in the country, being almost 100 per cent pure.

Prisoners Thankful for Kindness Shown Them Each Sunday

Prisoners in the County Jail and Jailor R. J. Bailey have sent the Record the following expression of appreciation to be published:

"To the party or parties who show their kindness each and every Sunday by sending us cookies, we desire to express our sincere thanks. We appreciate the cookies and we also appreciate the services in the jail each Sunday. We desire to express our thanks for all this kindness.

Quarterly Conference

The Methodist Quarterly Conference will be held on the lawn at the parsonage of the First Methodist Church here tonight at 8:30 o'clock. Rev. W. P. Garvin, presiding elder, will be in charge.

PAPER PRAISES NEW C. OF C. SECRETARY

R. M. FIELDER MADE UNUSUAL
RECORD WITH PANHANDLE
ORGANIZATION

The merger of the Panhandle-Plains chamber of commerce with the West Texas Chamber of Commerce, which merger was effected Tuesday, created widespread interest in Vernon as it did over this entire section of the state. The West Texas Chamber of commerce now has considerably more than 100 counties in its organization and embraces practically the entire of West Texas.

The merger was effected after R. M. Fielder resigned as secretary-manager of the Panhandle-Plains organization to accept the position of secretary of the Vernon Chamber of Commerce.

Regarding Mr. Fielder's record while secretary of the Panhandle-Plains Chamber of Commerce, the Clarendon News, in its issue of July 5, had the following editorial:

"The resignation of Secretary R. M. Fielder of the Panhandle-Plains Chamber of Commerce on account of his wife's health in the high altitude at Amarillo, is most regrettable. Bob Fielder is a real success as a commercial secretary and Vernon is greatly to be congratulated that it had an altitude and the money to secure his services and residence in their city. Friday of this week Mr. Fielder's successor will be elected by the board of directors of the organization and further and larger plans laid for the year's work. The News hates to see Bob Fielder leave the Panhandle and we only hope we can secure a man his equal as his successor."

DeMolay Dinner

Having completed organization and all officers for the lodge having been named, the Vernon Chapter De Molay will banquet in the Sun Parlor of the Bailey Hotel at 6 o'clock Tuesday evening of next week. The dinner will be served by the Liberty Cafe.

SCHOOL BONDS TO BE VOTED ON IN ELECTION TUESDAY

Friends of Vernon's Pro-
gress Urging All Who
Can to Go to Polls as
Expression of Approval

Next Tuesday morning, July 17, the polls at the City Hall will open at 8 o'clock for voting on the \$110,000 High School bonds. A. M. Hiatt will be the judge in charge of the election and every voter, who has a right to vote in a school bond election is being urged to vote and thereby show his interest in the welfare of the schools of Vernon.

While no opposition to the school bond issue has developed the fact that Vernon needs a new school building so badly is expected to bring out a heavy vote for the bonds. In this case the bonds already have been sold at a premium pending their passage and an architect has been employed to draw plans for the school building. It is to be modern in every way and will be ample, school authorities say, to fit the needs of the city for several years.

Vernon's bonds are bringing top price on the bond market and for that reason bond buyers from all over the United States were here to buy the school bonds when they were offered for sale, recently, conditioned upon their passage. Supporters of the schools and of the city's progress generally are urging that every person who can vote in the election do so to keep up the record already established in the sale of the bonds as the heavier the vote in favor of bonds makes the sale of the bonds that much better.

Shrine Club Drum Corps Is Organized With Fifteen Drums

The Vernon Shrine Club drum corps has held two practices and is reported to be making rapid progress with 15 drummers already signed up. At the last meeting Robert S. Reed was employed as director.

Drums and uniforms for the drum corps are being furnished by Maskat Temple. The following local Shriners have signed up as members of the corps: Seth Ingram, Guy Puckett, Roy C. Russell, Keith Berry, Dee Norwood, Early Norwood, Cleo Albright, S. W. Bailey, S. E. Porterfield, Frank E. Murchison, Luther Webb, E. M. Haney, Harry Robinson and John Storey.

More members of the Shrine Club who can qualify as drummers are expected to join soon.

R. M. Fielder Is on Job as Secretary of Chamber of Commerce

R. M. Fielder, newly appointed secretary of the Vernon Chamber of Commerce, accompanied by Mrs. Fielder, has arrived from Amarillo and is in charge of the work of the local organization.

One of the first things which the new secretary has taken up is the organization of trips to the various communities in this trade territory. Members of the Chamber of Commerce and King Tut club will go by automobile to the various towns and meet with the people of those places. They will be accompanied by the Vernon Concert Band and some special suits are to be put on by the King Tut club.

Officers Named for Vernon Chapter of Order of De Molay

The following officers have been elected and appointed for the ensuing three months by the Vernon Chapter, Order of De Molay for boys:

Thornton Ferguson, master counsellor; Robert Stokes, Senior Counsellor; Frank Sylvester, Junior counsellor; Bob Hammock, Senior deacon; Bob Williams, Junior deacon; Chas Blackwood, Senior steward; Emory Rogers, Junior steward; Robert Wright, chaplain; Jesse Hollar, Almoner; Clarence Justin, marshal; Harrold Parsley, treasurer; Guy Norwood, secretary; Hugh Bourland, Junior preceptor; Roy Allison, second preceptor.

The real reason
for buying Columbias

—they last longer

The largest laboratory, devoted to dry cell research, experiments continuously to make them "last longer." Columbia Hot Shot or Columbia Ignitors are "right" for your needs. That's why people have the habit of asking for Columbias.

Columbia Dry Batteries for all purposes are sold by hardware and general stores, electrical and auto supply shops, garages and implement dealers.

Waterproof!

You know how disappointing and troublesome it is when your floors show white spots and other blemishes, caused by either hot or cold water.

Not so, however, when you refinish floors with Pee Gee Re-Nu-Lac, for this combined varnish and stain is not only impervious to water, but also to heel marks and the moving of heavy furniture.

Pee Gee Re-Nu-Lac comes in twenty natural wood and enamel colors, white, gold and silver; sizes from 25c up. It requires no skill to apply it. Try it today on any surface that needs beautifying and protecting!

GRAPE JUICE CAN BE MADE AT HOME

HOME DEMONSTRATION AGENT
GIVES RECIPES FOR PUTTING
UP FRUIT JUICES

Miss Eula Goodfellow, home demonstration agent, has given out for this week, the following recipes for canning various fruits.

Grape Jelly

Cover the bottom of an enameled kettle with water and add grapes which have been washed thoroughly. Cook slowly, stirring occasionally. Pour the hot fruit into a double square of cheese cloth, tie the corners together and allow the juice to drain. Do not force the pulp through the bag. Measure the juice, boil 2 or 3 minutes add 3-4 cup of sugar to 1 c. juice and boil until the jelly will drop in flakes from the spoon. Pour into hot jelly glasses and cover with melted paraffin when the jelly is cold and firm.

Apple Jelly

8 medium sized apples 4 cups of water. Boil together for one-half to three-fourths of an hour and strain. Determine amount of sugar to be added by the use of alcohol test, previously given—bring the juice to a boil, add the sugar and cook as rapidly as possible, until the jelly point is reached. Remove from the fire, skim, pour into not sterilized glasses, and when cold cover with melted paraffin.

Grape Juice

After washing the grapes, crush while heating them. Fruit juice will flow readily when the fruit is heated, but the pulp should not be allowed to boil. When the pulp is thoroughly soft, strain through a double cheese cloth, or any thin cloth and squeeze as much juice through as possible without squeezing. Heat the juice until it is very hot, but not boiling, skim, strain into sterilized bottles, place the corks in loosely, place the bottles on a rack in a water-bath and process for 15 minutes at a temperature just below boiling. Press the cork in tight, dip the top of the bottle into sealing wax, and store in a dark dry place. The Cold Press method may be used. Direction for this method may be found in Farmers' Bulletins 859, 644, 1023. Blackberries make good fruit juices also.

Apples Five Ways

Apple Preserve, Apple Jelly, Apple butter, Apple Marmalade, Apple vinegar.

Berries

Canned Berries, Jam, Dried Berries or Jelly, Fruit Juice, Vinegar.

Use standard size containers for each of the five products. The canned fruit should be put into square quart jars. Jam, preserves, butter, and marmalade may be put in pint jars and vinegar and fruit juice in 8 oz. commercial bottles, and jelly in glasses.

WILDCAT

Mr. and Mrs. W. T. Compton, of Taylor, and Grandma and Grandma Luttrell, of Harrold spent the fourth with their son and brother I. G. Luttrell and family.

Henry Richie and family spent the fourth on Beaver creek with a number of other families.

Mr. and Mrs. Herman Patton and little daughters returned to their home in Dallas after a three week's visit with her mother, Mrs. G. W. Hildebrand.

C. B. Jeffcoats and Mrs. Allie May Clemmons married the fourth at the Christian parsonage in Vernon.

Mr. and Mrs. Leonard Moore of San Angelo visited his parents, Mr. and Mrs. J. Moore last week and Earl Moore went home with them.

W. D. Nunn and family went to Wichita Falls the fourth.

Clyde and Miss Lida Louts, of Wichita Falls, spent the fourth.

GO NO FARTHER

The Evidence Is at Your Door

Vernon proof is what you want and the statement of this highly respected resident will banish all doubt:

J. J. Manis, owner Auto Accessory Store, N. Bowie St., Vernon, says:

"My back and kidneys were in bad shape caused from a strain. My back was so bad I could hardly turn in bed. There was a heavy pain across my back and hips. My back was so sore and lame at night I couldn't sleep and mornings when I got up I could hardly straighten. My kidneys were irregular and weak in action. The kidney secretions contained a sediment and were painful in passage. I used different kidney remedies but none of them did me any good. I bought Doan's Kidney Pills at Pendleton & Sons Drug Co., and two boxes of this medicine cured me of every symptom of kidney complaint. The cure Doan's gave me has been permanent."

SHOWN AT VERNON THEATRE
HERE NEXT WEEK

"What Fools Men Are," a picture of Eugene Walter's dramatic comedy of a society flapper who wrecks her married sister's home (and incidentally starts her maid off on a "flapping" career), comes to the Vernon Theatre Monday and Tuesday.

This photoplay, directed by George Terwilliger for Pyramid Pictures, Inc., is adapted from a new play, "The Flapper," which is to be produced on the stage simultaneously with its appearance on the screen.

"What Fools Men Are" depicts a novel phase of modern life not merely as it is seen in motion pictures. In real life girls like Peggy Kendricks are frequent enough and, for all the world knows, the havoc she creates is

picture is a sad secret in more than one family.

The story is that of an unconventional society girl who accepts presents from her brother-in-law, and when her sister discovers the fact she sneers for and is granted a divorce, summing up, of course, that her ex-husband will marry the flapper. But the latter has no idea of falling into plans made for her by another, so she marries a wealthy and freer man. Just as she shows people that she is not as heartless as they think, she reunites the divorced couple.

The role of the flapper, Peggy Kendricks, is played by Fairo Binney. She was chosen from many candidates for the role because she embodies more perfectly than any other actress, the peculiar characteristics of the New York flapper. She is vivacious, charming, mischievous—even devilish. It goes without saying that her dresses are a feature of the picture.

Mrs. Cy Young and daughter, Margaret, who have been the guest the past week of Mrs. Emory Rhoads, returned this morning to her home in Frederick, Okla.

Transportation THE SECOND FAMILY NECESSITY

After a home, the modern family needs its own transportation unit. Modern life demands an efficient automobile for the time it saves and the health it gives.

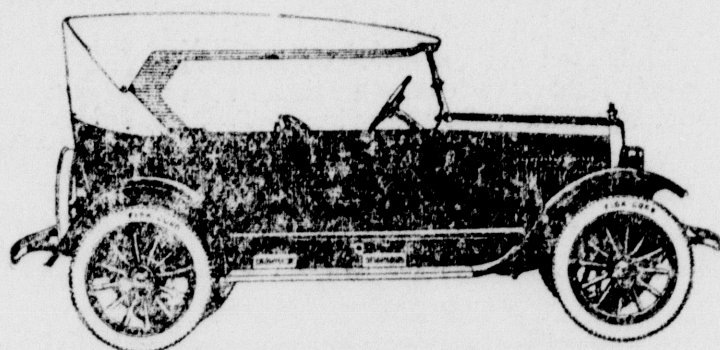

for Economical Transportation

is the ideal all-year family car, combining the comforts and atmosphere of home with high-grade body construction, mechanical reliability, ease of handling, and low costs. It affords ample room for the whole family. It is easy to drive and easy to care for. It protects from bad weather, yet it can be opened wide for cool comfort in the scorching days of summer.

THE LOSS OF THE HIGHWAY AMENDMENT.

It is regrettable that it is possible for the failure of the Secretary of State to perform a detail duty to deprive the people of the right to vote on a constitutional amendment. This is what happened in the case of the highway amendment to be voted on July 28. Two-thirds of the members of the Legislature voted to submit to the people an amendment which would transfer the control of the state highways to the State Highway Department and insure that Federal aid would continue to be apportioned on Texas highways. Undoubtedly a majority of the people favored the proposed change, but the Secretary of State failed to get the notice to the newspapers in the time required by law and thus defeated the whole project.

In such cases of neglect some penalty ought to be inflicted on the official who fails to carry out his part of public business. Happily, however, there is still time to get an amendment submitted and adopted two years from now when the next regular session of the Legislature meets in ample time to save Federal aid for Texas. November, 1926, is the time limit set for this State to meet the requirements of the Federal Gov-

ernment in order to continue to share in the distribution of Federal aid. Regardless of what one may think of Federal aid as a matter of governmental policy, the fact remains that participation in this fund is the only certain means of getting a system of highways built through sparsely settled sections of Texas and it is desirable that we keep our state well up with the progress of highway development.

The next Legislature can submit an amendment which will no doubt be free of one or two objectionable features contained in the one submitted this year. It was apparently hastily drawn and amendments and changes made its meaning obscure in certain respects. These can be cured when the Legislature meets in January 1925, and it is certain that after our unhappy experience this year the Secretary of State will not be allowed to defeat the amendment by neglecting to perform a detail duty.

TARIFF BUNCOMBE.

What better evidence could the farmer ask that the Republican tariff is pure buncombe than present prices of commodities the farmer buys?

We were assured by the protectionists that a fair deal tariff law was passed, by which it was meant that not only the manufacturer but the farmer as well would receive protection. The surprising thing of this claim is that many intelligent people seemed to think such a tariff law is impossible.

How can a tariff on wheat be worth anything to the farmer when America exports wheat?

How can a tariff on cotton be worth anything to the farmer when America produces seven-eighths of the world's cotton crop?

And so on around the list of the products of the farm. Wasn't it fine of the Republicans to protect the American farmers from the cut-throat competition of French wheat growers and German cotton producers?

Of course, the harvesting machinery makers got some protection in spite of the fact that American-made plows are sold cheaper on the other side of the globe than they are within a hundred miles of the factories in America.

Of course, the poor, struggling makers of American clothing had to have some protection, although Chicago-made suits are

sold cheaper in South America than they are in Joilet.

There is only one way to figure the protective tariff. It means that the farmer sells in an open market, for the simple reason that we export farm products, and buys in a closed market. Present prices of wheat ought to emphasize this fact.

THE BOYS' CLUB MOVEMENT.

Vernon has been entertaining the members of the boys' farm clubs of five counties this week, held under the auspices and direction of the various county agents.

No finer thing could take place in a farming country like ours than these gatherings of the boys who will be our farmers a decade hence. They come together to seriously study the scientific aspects of farming and stock raising. The training they thus receive will prove invaluable to them in later years.

Farming has come to be considered a real business. Conditions have rendered the slipshod methods of former days obsolete and unprofitable. The day has past when we think that anybody can make a success of farming.

The knowledge gained by the boys of this country will increase their usefulness to themselves and to their communities. What a splendid thing it would have been if the farmers of today had had the advantages that the boys of today have.

BROWN NEWS

By special correspondence.

Rev. J. W. Oller, of Mack, and his brother from Clarendon, filled the pulpit Sunday morning.

Rev. J. W. Oller and his brother will begin a meeting on Saturday night before the first Sunday in August, which will continue several days.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles, and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you. Sold Everywhere.

LIBRARIAN GIVES REVIEW OF BOOKS

MISS NEWTON TELLS JUST WHY
CERTAIN SCIENCE BOOKS
ARE VERY READABLE

A number of unusual books on science have been received at the county library and Miss Lillian Newton, librarian, has written the following review of the books: "Radio is by Raymond Francis Yates, former managing editor of Popular Science Monthly. The contents of this book have been made as readable as possible and the subject matter has been carefully chosen so as to include the many problems that confront the beginner in either the construction or operation of a radio, receiver or transmitter.

"Botany by Norman Taylor. This book is for those who want some general knowledge of the plant world with out caring for technical details upon which such knowledge is based. If it leaves the reader with an impulse to follow the subject further than has been possible here, it will have fulfilled its mission.

"Astronomy, by David Todd director of Observatory Amherst College. This book is an attempt to present the wide range of astronomy in readable fashion as if a story with a definite plot, from its origin with shepherds of ancient Chaldea down to present day ascertain of the actual scale of the universe and definite measures of the huge volume of super solar giants among the stars.

"Mechanics by A. Russell Band formerly managing editor of Scientific American. This book gives in a brief way, a bird's eye view of the whole story of human progress in things material. The book has not been written for the mechanical engineer, but for the layman who would learn by the mechanical contrivances that contribute to his material welfare.

"Geology by William J. Miller, professor of Geology, Smith college. In the preparation of the book the author has attempted to present in popular form the salient points of a general survey of the whole great science of geology, the science which deals with the history of the earth and its inhabitants as revealed in rocks.

"Meteorology by Charles Fitzhugh Talman, chairman committee of Public Information, American Meteorological Society. This is an excellent book on the science of the atmosphere and its phenomena, including weather.

Mrs. W. M. Beall and daughter, who have been the guest of Mrs. M. C. Culbertson left Tuesday for a visit with relatives in Sweetwater.

"FATTY" ARBUCKLE APPEARS AT BEACH CABARET.

Fatty Arbuckle and his troupe.

Roscoe ("Fatty") Arbuckle, former film comedian, who has not appeared on the screen since his acquittal on the charge of killing Virginia Rapp, in San Francisco, is shown, with a group of youngsters, on the Boardwalk in Atlantic City, the refund comedian is appearing in a cabaret, at a reported salary of \$6,000 a week.

The Development of the Lower Rio Grande Valley Greatly Aided By Owners of Vernon Electric & Ice Company

CENTRAL DIESEL-ENGINE PLANT FOR RIO GRANDE DISTRICT (Copied from Electrical World, July 7, 1923)

Although the Central Power & Light Company of St. Louis entered Texas field only a few years ago, it has quickly, through its subsidiary, the Texas Central Power Company, acquired a number of important electric light and power street railway and ice making utilities, and among the cities in which it operates are Laredo, Corpus Christi and Del Rio. It has devoted itself especially to the development of the fertile Lower Rio Grande Valley and has ice and electric plants at Mission, Mercedes, San Benito, McAllen and other places, as well as at Matamores, Mexico, just across the river from Brownsville. The Central Power & Light Company has now decided to build a large central station at the load center of this group and tie the cities together by 66,000-volt transmission lines, and to carry out this plan it has determined to install Diesel engines instead of steam turbines.

The first section of the plant will consist of two 1125-b. hp. Diesel engines, each directly connected to a 750-kw generator with directly connected exciter. The engines are being furnished by the Busch-Sulzer Bros. Diesel Engine Company, and the electrical equipment by the Westinghouse Electric & Manufacturing Company. As the plant is expanded much larger Diesel units will be installed.

This semi-arid country requires irrigation for about six months during the year. Most of the pumping plants are new steam-operated, at heavy expense. It is expected that electrical energy can be supplied to the irrigation companies at a rate sufficiently low to warrant displacing the steam pumping plants with motor-driven machines.

The diversity of load—ice making, irrigation, cotton ginning and electric lighting—will result in a comparatively high station load factor. The two Diesel units will be operated by an engineer and an oiler per shift.

The Central Power & Light Company has Prior to this purchase it owned and operated Texas properties for several years, so that it has its own knowledge of Diesel costs. Prior to this purchase it owned and operated twelve Diesel engines, with a total rating of 5,295 hp.

THE CHILDRESS PLANT
Is also a Morrison & Mc Call property..

The Childress plant, a short time ago, contracted with the Ft. Worth & Denver City Railroad Company to furnish all electricity used at the Childress shops.

VERNON has the advantages to justify the building of a COTTON MILL

THE VERNON ELECTRIC & ICE CO. can be of great assistance in securing a Cotton Mill for Vernon. It has already taken an active interest in pointing out the advantages of Vernon.

Co-operation and the Pull Together Spirit Is Necessary If Vernon Is to Grow and Prosper

CHLOROFORMS WIFE FOR HEADACHE

My daughter has suffered with stomach trouble and headaches for 3 years. My wife had headaches so bad we had to chloroform her. I also suffered with stomach trouble for years. My wife, daughter and I all used Ferrasol with wonderful results. My daughter is feeling better than she has in 3 years. My wife's headaches have left her and there has been a wonderful change in me. Anyone doubting this testimonial write or call me and I will at any time recommend Ferrasol.

THE STATE OF TEXAS

To the Sheriff or any Constable of Wilbarger County, Greeting:

You are hereby commanded to summon J. E. Walker, L. P. Loran, J. F. Edwards and Carry Edwards by making publication of this citation once in each week for four consecutive weeks, previous to the return hereof in some newspaper published in your county to appear at the next regular term of the District Court of Wilbarger County, to be holden at the court house thereof in Vernon, Texas, on the 30th Monday in August, 1923, being the 30th day of said month, then and there to answer a petition filed in said court on the 29th day of June, 1923, in a suit numbered on the docket of said court No. 215 wherein G. W. Elliott is plaintiff and J. E. Walker, L. P. Loran, J. F. Edwards and Carry Edwards are defendants, said petition alleging that on the 1st of June, 1923, plaintiff was the owner of lot six (6) in block four (4), Seacrest & Loran Addition to the town of Vernon, in Wilbarger County, Texas, and on said date defendants entered upon same and ejected plaintiff therefrom to plaintiff's damage of \$5000.00.

Plaintiff further alleges that he and those whose estate he has, claiming said property under deed duly registered has held the same peacefully and had the adverse possession thereof for more than ten years next preceding the 1st of June, 1923, claiming said land under the statute of limitation and praying for writ of restitution and that all title be divested out of defendants and vested in plaintiff for cost of suit and general relief.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ with your return showing how you have executed the price of that you will be thoroughly delighted with Calotabs.—(Adv)

WILBARGER WHEAT CROP HARVESTED

SOME FARMERS MADE GOOD YIELD BUT OTHERS HAD AL- MOST COMPLETE FAILURES

With practically all the wheat crop in Wilbarger county already gathered some of the larger wheat farmers are making plans for the next year's crop while others are waiting until later in the year to begin their plans. The wheat crop in the county this year was very small in many fields, but some farmers made good average crops. The number of bushels raised in the county can not be ascertained for several weeks.

The wheat improvement association in commenting on plans for the crop next year, has issued the following bulletin:

"Aggressive farmers, those planning for a maximum wheat crop next year, are now turning their attention to the all important question of early preparation of their fields. Officials of the Southwestern Wheat Improvement Association, which organization gives its entire efforts to aid in producing a better quality of wheat, have declared that early and proper preparation for the next crop is the greatest single factor contributing to a successful and profitable yield. Experiment stations and actual practice have clearly proven that land prepared in July for wheat will produce from two to seven bushels more per acre than that on which the work is delayed until September.

"This is due largely to the fact that early plowing destroys weeds which if allowed to propagate consume the available plant food and moisture. In addition such plowing affords time for the land to settle. It is pointed out that wheat demands a firm seedbed and for that reason it is always wise and profitable to use some sort of a packer immediately after the plow. A disk harrow, with the blades set straight, has proven effective in lieu of a regular packer. Loose soil, especially that which is the result of late preparation, can be depended on invariably to produce a poor wheat crop.

"Successful wheat growers find that if time does not permit of early plowing or listing that disking immediately after the binder or header destroys the weeds, saves moisture and renders the soil easy to plow at a convenient time later. July disking, followed by late August or early September plowing or listing, can be followed out with successful results.

"Early listing for wheat is especially desirable in sections where the rain fall is limited, and frequently produces better yields than other methods. With listing a substantial amount of moisture is saved because the ground can be covered rapidly. Experience has shown that best results are obtained by relisting and leveling early so sufficient time will be allowed for the soil to settle before sowing.

"In the final analysis, the statement is emphasized that if the ground has been well prepared for the preceding crop, as by early plowing or fallowing, the soil should be in sufficiently good condition to 'stubble-in' another wheat crop with no additional work."

D. ESTES

R. D. ELLIOTT'S LIFE SAVED

I feel that your preparations, particularly Ferrasol, saved my life. I was advised by some of the best doctors in Dallas to have an operation for gall stones. I started taking Ferrasol and in one week time I could eat again! It cured me and I believe Ferrasol will cure any case of stomach or bladder trouble if taken properly.

Very truly yours, R. D. Elliott, 112 N. Crawford St., Dallas, Texas.

METHODISTS WILL HOLD COLLEGE DAY

SPECIAL SERVICES SUNDAY FOR THOSE WHO HAVE BEEN OR ARE GOING TO COLLEGE

The first Methodist Church will observe next Sunday as College Day. Special emphasis will be given to the importance of continuing education. Students who need the support of enthusiasm that will encourage them to go on and finish, even through College or University, will be given encouragement.

Dr. R. E. Dickenson, the pastor, will speak at 11 o'clock on the theme "School Life in Memory and in Anticipation."

Sunday evening will be featured as College Night. Representatives of High Schools, Colleges, Normals, and Universities are requested to meet in the basement of the church at 8 p. m. They will form a procession and march into the auditorium, each group carrying a pennant or the school colors.

Miss Vera Harrington will preside at the organ. Judge W. D. Berry of the University of Mississippi will lead the line of March. Mrs. L. G. Hawkins will lead the group representing Ward Belmont of Nashville, Tenn., T. J. McGill will head the S. M. U. delegation; Mrs. S. E. Porterfield will lead the T. W. C. girls; Dr. T. A. King, Dr. M. J. Moore, Dr. R. E. Dickenson and others will represent Vanderbilt University; Prof. E. L. Dohoney will lead the High School students.

Miss Thelma Sherrill will direct the college songs and Mrs. C. J. Farrell, is chairman. All who may be able to attend are requested to communicate with Mrs. Farrell, phone 117.

Miss Maurine Davis will have charge of the decorations. All who can furnish pennants for decorating are requested to communicate with Miss Davis, phone 106.

I want to rent a modern five room house for long term. Phone No. 616 or 692, P. O. Box 1132 48 tf.

Quannah Rebekeh Lodge

Mrs. L. G. Hamilton and Mrs. Bertha Ross accompanied by Mrs. Joe H. Anderson, of Chillicothe, went to Quannah Tuesday afternoon to institute a Rebekeh lodge. The lodge was instituted that night with ten charter members and thirteen candidates were admitted by initiation. Crowell Rebekeh degree staff conferred the degrees. Quannah is preparing to entertain the Lower Panhandle Association of Odd Fellows and Rebekahs, August 15 and 16.

STUDEBAKER BIG-SIX FIVE-PASSENGER COUPE \$2550

The Big-Six Coupe Offers a Rare Combination of Elegance and Utility

Into the Studebaker Big-Six five-passenger Coupe have gone, without compromise, the finest design, materials, workmanship and the best of Studebaker's 71 years' experience.

Nothing has been left undone to make this big, roomy coupe as fine an enclosed car as can be built.

Certainly no car performs more brilliantly or is more reliable. None possesses greater beauty or is more luxuriously comfortable. None is more enjoyable to drive—and no other make of car is more completely equipped.

You will appreciate the generous roominess of this Big-Six Coupe, its sterling quality of body and chassis and its wealth of refinements—including the large trunk; extra disc wheel complete with tire, tube and tire cover; handsome nickel-plated bumpers front and rear; courtesy light; motometer; flower vase; clock; aluminum-bound running boards with corrugated rubber mats and step pads; rear-view mirror, automatic windshield cleaner, glare-proof visor, and many others.

Its low price is due to large volume and to the fact that Studebaker overhead is shared by three models—all sixes. Then, too, only one manufacturing profit is included in the Big-Six price because all vital parts are manufactured in Studebaker plants.

Studebaker has been building quality vehicles for more than two generations.

Power in surplus measure to satisfy the most exacting owner
